

# Goal: 100 hospitality partners live with opportunities by 2023!

Join the Hawai'i hospitality industry in this first-of-its-kind initiative, Hospitality for Me, to provide a full suite of hospitality resources for schools statewide to make Hospitality education and job readiness a standard offering.

This initiative is timed to align with the Hawai'i Department of Education's expansion from 6 to 13 pathways, allowing Hospitality, Tourism, and Recreation to break off from Human Services and shine as its own pathway.

As exciting as this is, schools face budgetary and qualified teacher constraints limiting pathway offerings to their students each year. Hospitality for Me opens up communication between the industry and school leadership to remove any barriers to offering Hospitality, Tourism, and Recreation.

Together we can showcase the benefits of the industry, support school needs, and support the dreams of so many students to stay and achieve economic self-sufficiency in Hawai'i.
