

Goal: 100 hospitality partners live with opportunities by 2023!

Hawai'i's hospitality industry is coming together to help provide a full suite of hospitality resources for schools statewide that showcases the benefits of the industry, supports your school needs, and supports the dreams of so many students to stay and achieve economic self-sufficiency in Hawai'i.

This initiative is timed to align with the Hawai'i Department of Education's expansion from 6 to 13 pathways, allowing Hospitality, Tourism, and Recreation to break off from Human Services and shine as its own pathway.

FOUNDING PARTNERS
